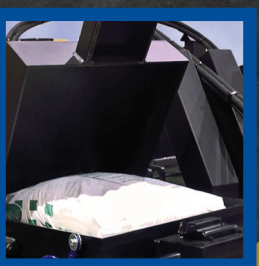
TRANSPORTATION PRODUCTS OF TEXAS, INC.

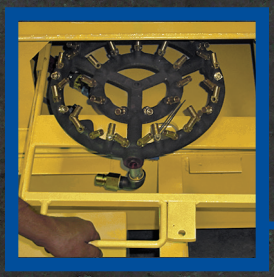
TRANTEX MODEL 2T
PREMELTER SYSTEMS

Digital Thermostats with automatic spark ignition systems allowing burners to be ignited with a switch.

The 2T Series Thermoplastic Premelter offers the ability to adapt to many transport options. 20' Power cords, LP hoses and hydraulic hoses allow LP bottles, power pack, and premelter to be mounted independently for added safety and versatility. 2T Premelter Systems are available in many capacities, and single or dual configuration.



Flash safe material feed doors are designed to prevent injury to operator.



Burner ring slides out on rack, allowing for easy service of jet burners.

Optional operator deck shown

Optional features include:

- Stainless Steel Knife Gate Valves
- Oil Jacketed Cylinders
- Over-Night Heaters
- Diesel Power-pack Engines
- Custom Specified Engine
- Fork Lift Pockets
- Custom Operator Decks
- Diesel Fired Burners

Thermoplastic Premelter Standard Sizes

Model Number	Material Capacity	Burner Rating	Standard Engine	Agitation
TT1000SH Single Unit	1000 LBS.	200.000 BTU	8.5 HP LP Electric Start	Hydraulic
TT1000DH Dual Unit	2000 LBS. (2 x 1000)	200.000 BTU x 2	8.5 HP LP Electric Start	Hydraulic
TT1500SH Single Unit	1500 LBS.	275.000 BTU	8.5 HP LP Electric Start	Hydraulic
TT1500DH Dual Unit	3000 LBS. (2 x 1500)	275.000 BTU x 2	8.5 HP LP Electric Start	Hydraulic
TT2000SH Single Unit	2000 LBS.	325.000 BTU	10 HP LP Electric Start	Hydraulic
TT2000DH Dual Unit	4000 LBS. (2 x 2000)	325.000 BTU x 2	10 HP LP Electric Start	Hydraulic
TT3000SH Single Unit	3000 LBS.	400.000 BTU	10 HP LP Electric Start	Hydraulic
TT3000DH Dual Unit	6000 LBS. (2 x 3000)	400.000 BTU x 2	10 HP LP Electric Start	Hydraulic
